Deep Bleu

Wall tiles 20x120 Nordbond Natural / 120x120 Deep Bleu Dark
Floor tiles 120x120 Deep Bleu Dark

La colección más matérica hasta la fecha, la piedra caliza en contraste con los pequeños detalles de las piedras y arenas incrustadas. Esta tipología conocida como Deep Bleu, es famosa por sus colores intensos y vibrantes que llevan el azul a una nueva tonalidad muy oscura que lo hace elegante y atemporal. Todo un clásico en decoración de interiores por su carácter.

Deep Bleu is the collection most evocative of the finer details found in materials. It combines a limestone appearance with subtle nuances like incusted pebbles or sand. This type of limestone, known as Deep bleu, is famous for its vibrant deep colours, with a highly original dark shade of blue conspicuous for its timeless elegance. A superb classic in interior design.

El paso del tiempo y la fuerza representados a través de los surcos, grietas y tonalidades cambiantes de uno de los materiales más versátiles, el cemento. Murray juega con los detalles del cemento y los traslada al porcelánico rectificado.

The passage of time and strength represented through the grooves, cracks and changing tones of one of the most versatile materials: cement. Murray plays with the details of the cement and transfers them to rectified porcelain.

Nox

Wall tiles 60x120 Nox White
Floor tiles 120x120 Nox Lead

El diseño industrial se ha convertido en atemporal, materiales bastos y vistos son la base de este particular diseño. La nueva colección Nox ha utilizado este estilo como inspiración para desarrollar un porcelánico imitación a chapa metálica que reproduce todas las tonalidades y variaciones del metal. Seis colores y dos acabados, natural y lapado, para reproducir el metal en toda su esencia.

Industrial design has become timeless, and rough and exposed materials form the basis of this particular design. The new Nox collection has used this style as an inspiration to develop a porcelain tile that imitates sheet metal, reproducing all the shades and variations of the metal. Six colours and two finishes, natural and lapado, to reproduce the metal in all its essence.
